

Session Notes: Proverbs 3: 5-6

"Trust in the Lord with all your heart, and do not rely on your own insight. In all your ways acknowledge God, and God will make straight your paths."

What would Little Chapel look like 3-5 years from now if we took seriously our vision to build a ministry involving all ages? To believe that we are working WITH God in fulfilling God's intent for Little Chapel. Wm. Claire Menninger was frequently asked the secret of a good and happy life. His response: *"Find a mission in life and take it seriously."*

Insight gained from listening to new members.

'The financial gift is not the reason we seeking to define and further the vision. It is an affirmation from God to do the work which has always been before us.'

2. Concern that the implementation of new ministry will become absorbed into complacency.
3. Is there a timeline for leadership to conclude their work?
4. Concern that an appropriate amount has not been designated to mission.
